

**Magnet Kitchen by Ramon Soler® awarded with
iF DESIGN AWARD 2021**

Ramon Soler® has been awarded for the second consecutive year with the prestigious iF DESIGN AWARD 2021, internationally recognized as a seal of excellence in design.

Magnet kitchen by Ramon Soler® has been awarded a DESIGN AWARD 2021 given by an international jury made up of 98 prestigious experts from the world of design, from more than 20 countries.

Kitchen faucets Collection with side single-lever mixer stands out for including an **innovative system of magnets**, which allows the spout to return to its initial position, easily when its use ends, thanks to the action of an effective neodymium magnet. These magnets are Teflon coated for a smooth fit and are calibrated magnets. The spout always maintains its position thanks to the blow of air.

Magnet Kitchen awarded with iF DESIGN AWARD 2021

Magnet Kitchen is a design tap with a clear industrial aesthetic that completes the kitchen to make the daily routine a comfortable experience. To enhance the ergonomics and ease of use of the faucet, a 360° rotating high spout is included, always made of black silicone, which provides maximum flexibility that, together with the removable shower, will be ideal both for washing large kitchen utensils and food.

Magnet Kitchen faucets have been praised for their innovative technology and advanced design. The competition in this edition has been very fierce: almost 10,000 references from 52 countries competed to achieve the desired distinctive and seal of excellence in design quality.

With this there are already two consecutive **iF Design Awards**, since Ramon Soler® has won the **iF Design Award 2020** with his **Urban Chic** faucet and now they have awarded his innovative **Magnet Kitchen** in **2021**, in the category of product to which kitchen taps.

The prestigious faucet manufacturer in Barcelona is celebrating because it is very important for **Ramon Soler®** to win once again the **iF Design Award** with an internationally recognized reputation as a seal of excellence in design.

The pull-out kitchen faucet collection with the exclusive and innovative magnet system is available in a **high-resistance chrome finish** and in new finishes, inspired by global design trends that give kitchens the essence of sophistication: **brushed nickel finish**, that brings a timeless beauty and a handcrafted look. **Satin copper**, a finish that will not go unnoticed, combining perfectly with the black silicone spout. And **matte black**, the color of immaculate elegance.

It is important to note that all the finishes of this faucet are antibacterial and resistant to scratches, characteristics that make it the ideal faucet for dealing with food and also a very resistant faucet.
